ADD DEPARTMENTS

Departments are used to group employees together within the uAttend system. The uAttend Setup Wizard will create a default department, which you can modify as needed and you can add more if desired. You can create more departments within your account later and specify other department settings, such as Overtime and Punch Rounding Rules.

1. Select the Departments tab on your Dashboard.

2. Select "+Add Department."

3. Create a Department Code

The Department Code is used as a reference on employee time cards to ensure that hours are appropriately allocated to the correct departments. For example, the code for "Sales" can be, "SLS."

The screenshot shows the 'Add Department' form with the following fields:

General	
Code	SLS
Department Name	Enter Name
Punch Rounding	OFF
Employees punch for breaks?	NO
Paid break/duration	OFF
Employees punch for Lunch?	NO
Lunch deduction/duration	OFF

Below the General section is the Overtime section:

Overtime	
Weekly/Bi-weekly Overtime	OFF

The Advanced section is partially visible at the bottom.

4. Enter the full Department Name

Specify additional department settings on this screen now, or enter that information later.

5. Select...

- "Save & Add New" to add a new department.
- "Save & Continue" to add more rules and policies.
- "Save & Close" to move to the next step.

The screenshot shows the 'Add Department' form with the following fields:
